SHRIFTLAR

Har postning **kayfiyatiga** qarab bitta shrift tanlanadi va keyingi postda almashadi — shu bilan lenta jonli, lekin tanish.

Sarlavha katta: 110–230 px (1080 kenglikda), ko‘pi bilan 2 qator, qator oralig‘i 88–95 %. **Inter** — faqat chip va label. Mayda meta-matn yo‘q.

Hammasi bepul Google Fonts (OFL litsenziya).

AI UCHUN

Istalgan AI (ChatGPT, Claude, Gemini, Figma AI...) Haysam uslubida dizayn qilishi uchun:

01 Brief faylini yuklab oling va AI ga bering (yoki o‘ngdagi matnni nusxalang).

02 Logo, shrift va fon fayllarini ham biriktiring — AI ularni qayta chizmasin.

03 Topshiriq yozing: matn, tool, format. Natijani brief oxiridagi 6 savollik tekshiruv bilan solishtiring.
